

**BLACKSMITH**  
**MINIATURE PAPER MODEL**  
**Little House on the Prairie**  
[www.paperprairie.art.blog](http://www.paperprairie.art.blog)

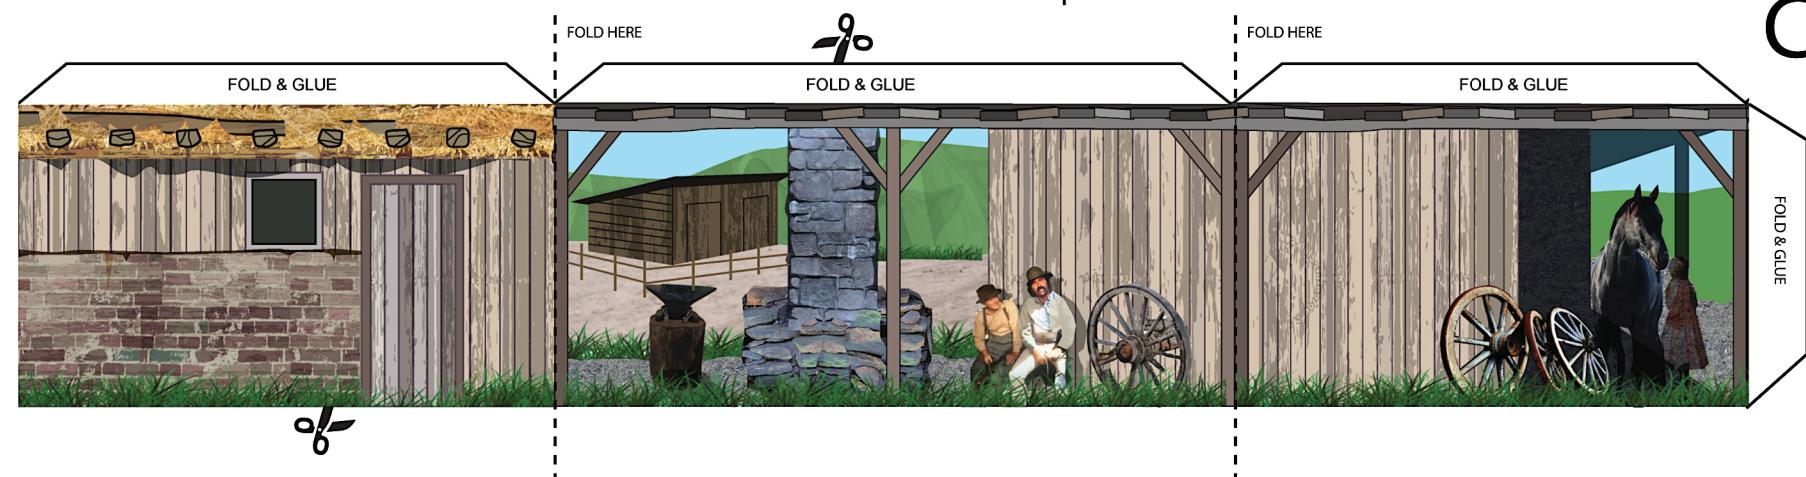

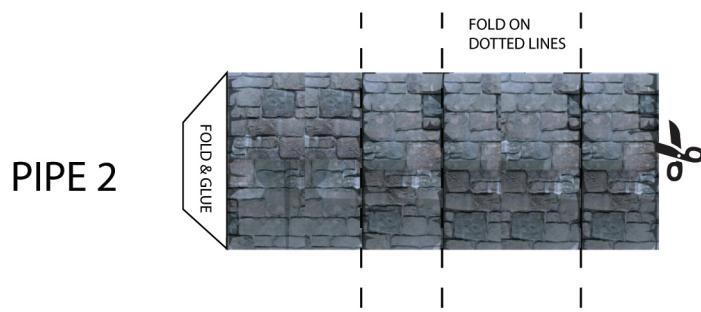

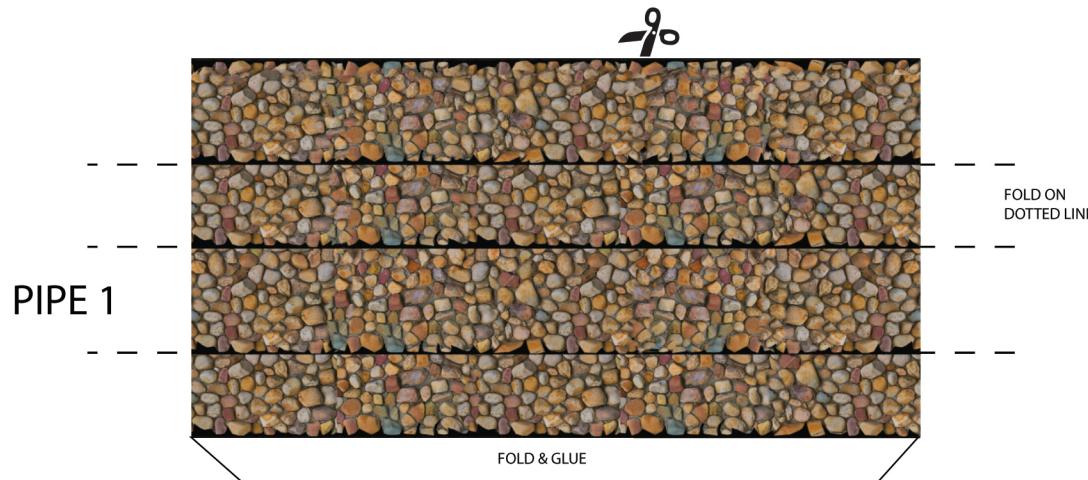

A

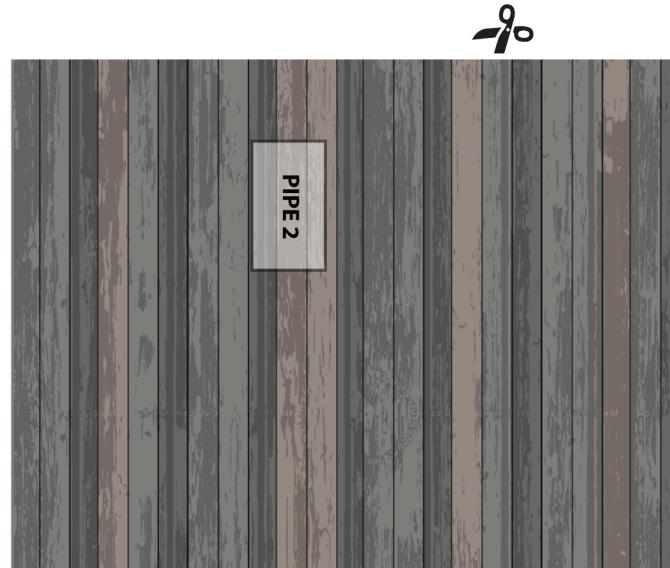

B

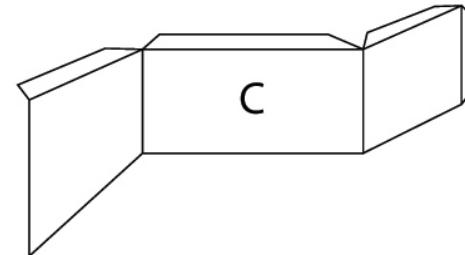

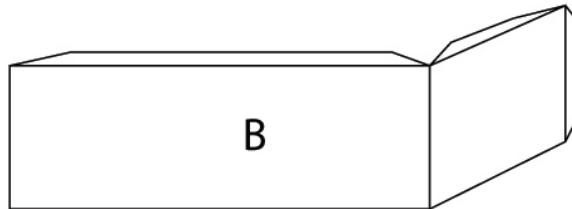

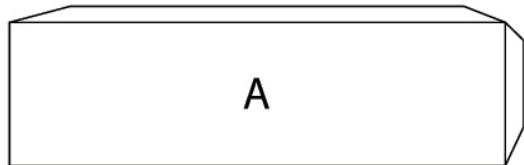

C

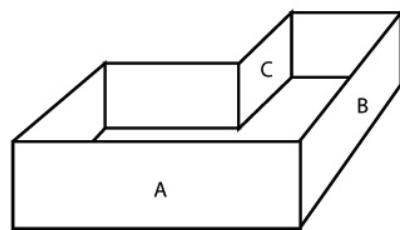

ROOF

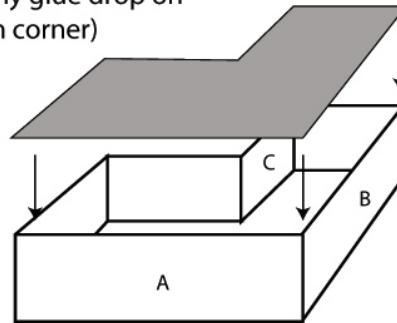

Glue end of "A" to "B" and end of "B" to "C".

Fold as shown,  
Glue the end to close it

Glue the roof on place  
(a tiny glue drop on  
each corner)

Glue both pipes on its marks,  
and glue the blacksmith  
to the Post Office building

Make two incisions on the  
border of the roof  
(and fold down)  
because the long pipe  
shares a side  
with the Post Office  
building
